The info I get when I speak to her on the phone:

Mailing Address, Last name, skin type, Age so I know if she needs 3D or Repair

Book Virtual Facial Time. (maybe 1 week away to give enough time for the package to arrive)

Then find out if she has a facebook account? have her friend you right then. Then I add her to my Mary Kay Customer Group.

IF she doesn't have iPhone (like me) or Facebook then find out mode she wants to, What'sApp, IMO, zoom or Skype.

Is there anyone that she would like me to send a Beauty Experience Package to in the mail?

Any of them that she would like to join her at her time?

Mail out her package that same day!!
